UGC, ISRO teams may visit JU next wk

Sep 3, 2023, 08:11 AM IST

Kolkata: A UGC team may visit Jadavpur University on Monday and Tuesday. The team will have four members. Sources said that it would visit the campus and hostel and hold meetings with the authorities.

The UGC had already rejected two reports submitted by JU regarding the case of ragging and death of the first-year Bengali honours student, who fell from the second-floor balcony of Main Hostel. Sources said a letter was sent by UGC to JU stating that a four-member team will visit the campus on Monday and Tuesday.

Sources said a team of ISRO scientists is also likely to visit the campus on Tuesday and Wednesday to explore and evaluate technologies that can be introduced to secure the campus, check alcohol consumption and restrict outsiders' entry.
