Ref. No.: EX/PROD/T/214/2017(s)

## B. PROD.ENGG. 2ND YEAR 1ST. SEM. SUPPLE. EXAM.-2017

## Subject : PRIMARY PRODUCTION PROCESSES

Time: 3 Hrs.

Full Marks:100

· · · · · · · · · · · · · · · · · · ·	
Answer any five questions.	
1. A) Classify the principal manufacturing processes giving short descripti	
éách.	14
B) Describe the Submerged Arc Welding (SAW) process.	6
2. A) Describe the different types of oxy-acetylene welding flames. What	are their usage
areas?	6
B) Write the Chvorinov's rule, describing each term.	2
C) Describe:	
Parting line, Facing sand, Runner, Chaplet, Gate, Moulding flask.	(6 X 2=)12
3. A) Describe the Gas Tungsten Arc Welding (GTAW) & Resistance Seam W	elding (RSEW)
processes.	5+5
B) What are the major advantages of casting over other processes?	6
C) What are the different welding positions? Explain each with sketches.	4
4. A) Draw the cross-section of a typical (two-part) sand mould, briefly describ	
	8
B) What are the main disadvantages of dry sand moulds, compared with green	sand moulds?
	3
C) Describe the Extrusion Method with figures.	4
D) Draw the schematic diagram of an oxyacetylene welding outfit.	5
5. A) Describe:	
Investment Casting & Die Casting Processes.	5+5
B) Define the following welding terms:	
Puddle, Weld Metal, Penetration, Deposition Rate, Fillet Weld.	$(5 \times 2 =) 10$
6. A) Write the expression of pouring time (taken to fill up the mould) for Ver	rtical & Bottom
Gating Sys. What is the optimum pouring time?	4+2
B) Draw the Fore hand & Back hand Welding techniques.	4
C) Briefly describe the shell-mould casting process.	5
D) Draw the sectional view representing (Electric) Arc Welding Set up.	5
7.A) What are the major limitations of casting processes?	5
B) What are the factors involved in the design of risers?	5
C) Describe the Forging process.	5
D) Classify the various fabrication processes	5

8. A) What are the different types of gating? Explain each with figures.	6
B) Describe the Shearing Process of machining.	4
C) Draw five different types of welded jts.	5
D) Discuss a little bit about (i) use of Chills. (ii) Insulating & Exothermic sleeves.	2+3
