

Bachelor of Architecture

B. Arch Year 5 Semester 1 Examinations 2019 (Old)

Design Methodology

Time: 3 Hours

Maximum Marks: 100

1. *Answer any 4 questions. Question number 7 is compulsory.*
2. *All questions carry equal marks.*
3. ***Answer through neat sketches with labels and provide points only if necessary.***
Extra and descriptive writing is neither desired nor will be graded.

- 1) Provide sketches showing the design approach of the Greeks while making the peristyle for a temple.
- 2) Provide sketches to show how the construction systems of the Greeks varied from those of the Romans.
- 3) Show the *spatial* and *formal* integration in Gothic Churches through sketches only.
- 4) Show the differences in design approach between the Early Christian and Byzantine Churches only through sketches.
- 5) Show stages of integrating the tower to the longitudinal Basilica to demonstrate the design attitude during Romanesque period through sketches.
- 6) Show Corbusier's 'Five Points of Architecture' only through sketches.
- 7) Provide not more than 10 sketches to explain your presentation in class this semester.
